

# ANG Comp Plan Commission Example

1

Distributor: A **Preferred Member** who has **electd** to start their own fine art business by meeting the initial requirement (\$495 minimum one time purchase) and subsequently maintains the monthly minimum requirements based on their position as a Distributor. 5 positions.

## Example of a Distributor's compensation

Distributor "A"s monthly compensation is based on the the following rules and assumptions:

- Rules:**
- 1) Distributor receives 10% commissions on all first level sales only.
  - 2) Distributor receives the difference between the Distributor and the Preferred Member art web price when a Preferred Member on their first level buys art, aprox 20%.
  - 3) Distributor has registered 3 new Preferred Members for the month.
  - 4) Distributor has over \$200 in PV during the month.
- Assumptions:**
- 1) In this example there are 10 (not all shown) members on the first line of Distributor "A". A mixture of Preferred Members and Distributor in various positions.
  - 2) By the end of the month each member purchased an average of \$300 in fine art.

**Results:**

a)  $10 \times \$ 300 = \$3000 \times 10\% = \$300$

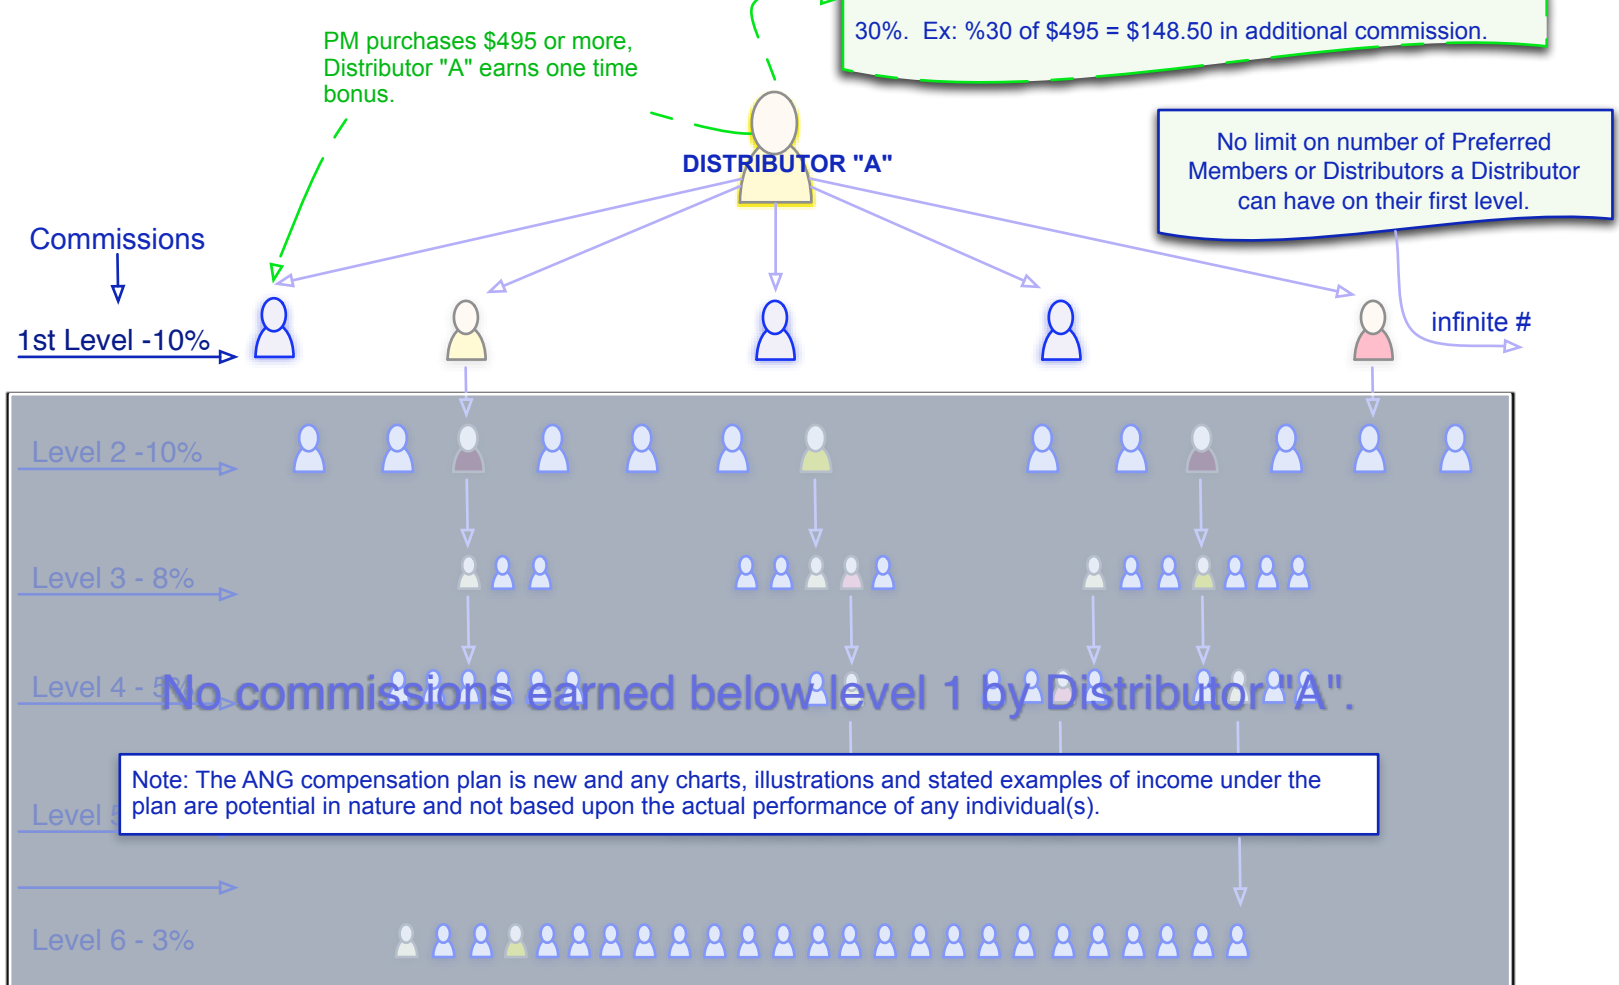

b) Commissions on 6 Preferred Members purchases. Calculated on difference between the Distributor and the Preferred Member web price when a Preferred Member on their first level buys art, aprox 20%.

- Distributor Price \$300
- Preferred Member Price \$360
- Difference \$360 - \$300 = \$60 x 6 = \$360**

**Total Distributor "A" commissions for the month: \$360 + \$300 = \$660**

**Note: Distributor Bonus not reflected here.**

**Distributor Bonus:** When Preferred Member (PM) makes a purchase that exceeds \$495 for the first time the **sponsoring** Distributor "A" earns a one time Sales Bonus of an additional 30%. Ex: %30 of \$495 = \$148.50 in additional commission.

# ANG Comp Plan Commission Example

2

Distributor: A **Preferred Member** who has **electd** to start their own fine art business by meeting the initial requirement (\$495 minimum one time purchase) and subsequently maintains the monthly minimum requirements based on their position as a Distributor. 5 positions.

## Example of a Preferred Distributor's compensation.

Preferred Distributor "A"s monthly compensation is based on the following rules and assumptions:

- Rules:**
- 1) Preferred Distributor receives 10% commissions on all 1st and 2nd levels and 8% on all 3rd level sales.
  - 2) Preferred Distributor receives the difference between the Distributor and the Preferred Member art web price when a Preferred Member on their 1st level buys art, aprox 20%.
  - 3) Distributor has met Monthly PV and Sponsoring requirements.
- Assumptions:**
- 1) In this example there are 10 (not all shown) members on the 1st level 30 on the 2nd and 50 on the 3rd levels of Preferred Distributor "A". A mixture of Preferred Members and Distributor in various positions.
  - 2) By the end of the month each member purchased an average of \$200 in fine art.

**Results:**

a) **1st Level -  $10 \times \$ 200 = \$2000 \times 10\% = \$200$**   
**2nd Level -  $30 \times \$200 = \$6000 \times 10\% = \$600$**   
**3rd Level -  $50 \times \$200 = \$10,000 \times 8\% = \$800$**

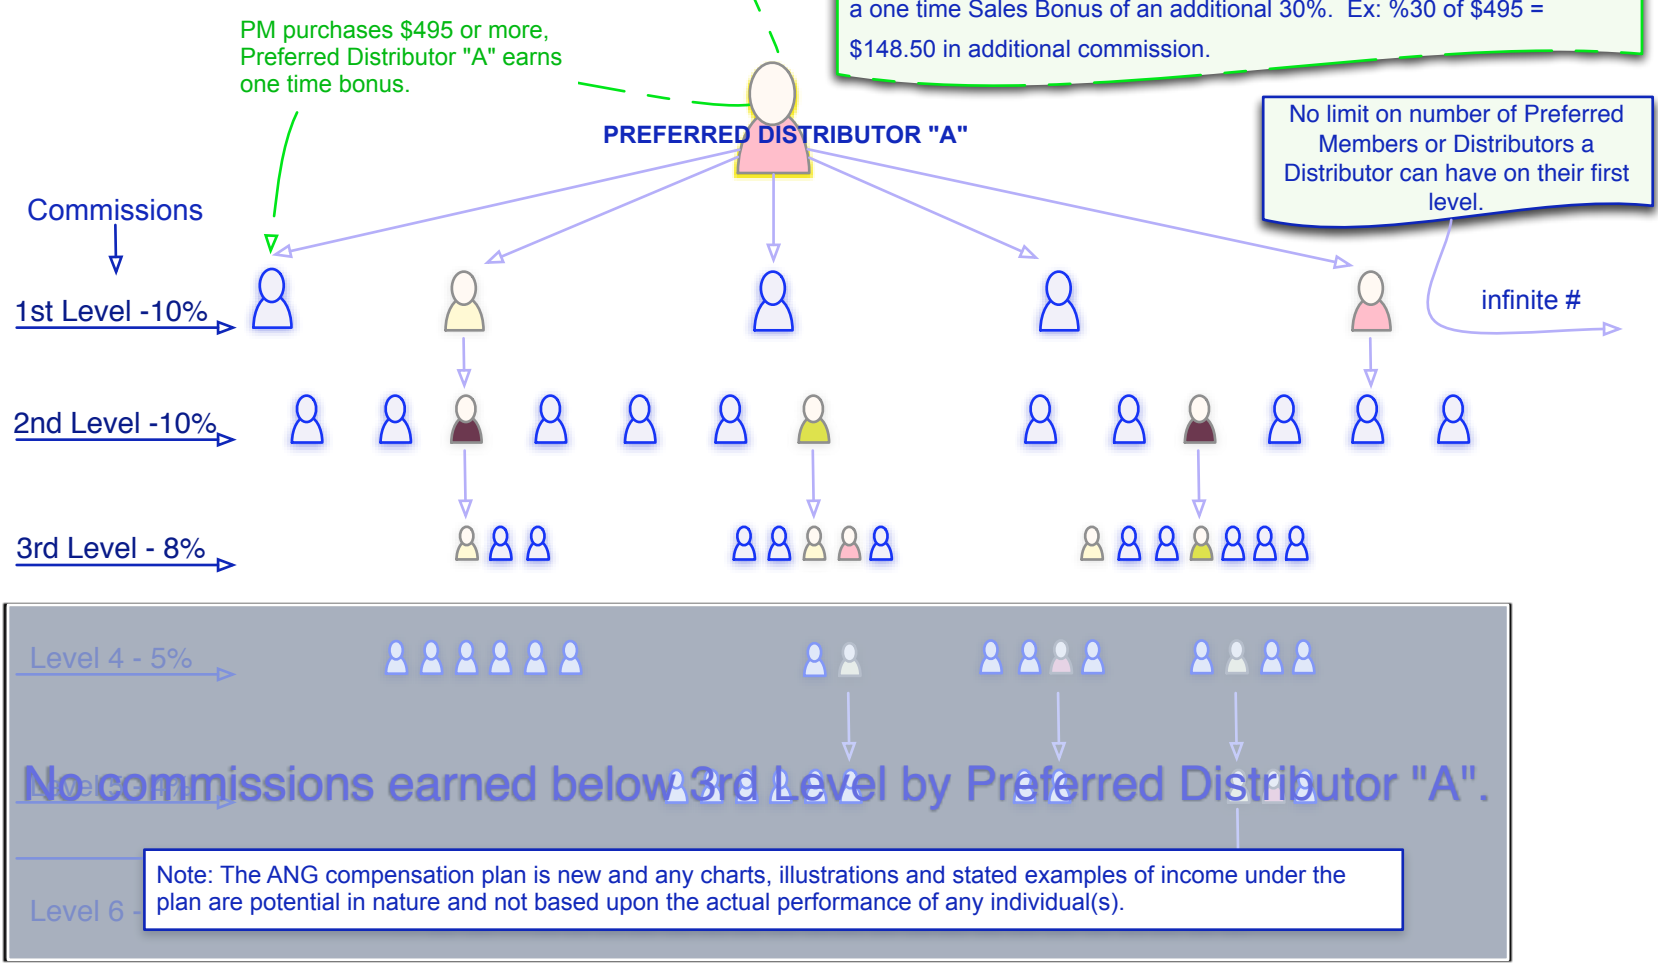

b) Commissions on 6 Preferred Members purchases. Calculated on difference between the Distributor and the Preferred Member web price when a Preferred Member on their first level buys art, aprox 20%.

- Distributor Price \$300
- Preferred Member Price \$360
- Difference \$360 - \$300 = \$60 x 6 = \$360**

**Total Distributor "A" commissions for the month: \$360 + \$1600 = \$1960**

**Note: Distributor Bonus not reflected here.**

**Distributor Bonus:** When Preferred Member (PM) makes a purchase that exceeds \$495 for the first time the **sponsoring** Distributor "A" earns a one time Sales Bonus of an additional 30%. Ex: %30 of \$495 = \$148.50 in additional commission.
